## THE HAPPY EDITORIAL EXCURSION YESTERDAY.

Further Confirmation of the Los Angeles and Utah Reports—A Mortgage for \$150,000,000 Filed in Minnesota—Notes.

There was nothing of importance going on about the depots and railroad offices yesterday. The San Diego train in the afternoon carried out about fifty members of the press and their families, who were bound for San Diego and Coronado, where they will hold their annual convention during the present week. The crowd was composed of members of the newspaper fraternity from all over Southern California, and to judge from the happy smiles that were playing over their faces, it is very certain that a merrier crowd never got together at the Santa Fe depot.

The local managers of the Los Angeles, Salt Lake and Utah road are still confident that there will be some new developments very soon. They declare that money enough to build the road has been raised in the East, but they will not divulge the names of their backers, and it is not known whether they are stockholders in the Union Pacific Company or Southern Pacific people.

It is very certain, however, that the route has been surveyed from this city across the mountains into Nevada, and work has been commenced at the Salt Lake end of the road and is being pushed as rapidly as possible.

One of the heaviest mortgages ever placed on railroad property has just been filed in Milwaukee. A dispatch from that city says: A mortgage in favor of the United States Trust Company of New York, covering every dollar's worth of property owned by the Chicago, Milwaukee and St. Paul Railway Company, except lands, has been filed with the Secretary of State. The mortgage is for \$150,000,000, and is executed for the purpose of carrying out a funding scheme of the company. The plan is to make the trust company the sole creditor in order to secure a lower rate of interest. This object is to be achieved by the issuance of bonds to the value of five each, to run 100 years. It is specified that the interest on these securities shall not exceed 5 percent, or be less than 4 percent. Of the total sum \$18,000,000 will be used to retire outstanding bonds, \$8,000,000 will be used to fund the floating debt, and the balance issued at the discretion of the directors.

A recent dispatch from Chicago says: There seems to be no reason for the supposition that the Chicago and Alton will be induced to reconsider its withdrawal from the Interstate Commerce Railway association. The officials of that road appear too happy over their escape from the restrictions of the President's agreement to think of placing themselves under similar conditions. They claim that they are now recovering their share of live stock traffic, notwithstanding the fact that the Interstate is under the association, but in spite of unfair competition.

## THE SANTA CASE.

Almost a Month in Court—The Argument.

Thursday next, if it is not then concluded, the Santa will case will have lasted one month, thus making one of the longest trials on record in the Superior Court of Los Angeles county.

Yesterday morning the argument in the case began before Judge Clark. The exhibits of the Santa will case were distributed among the counsel on each side as they saw fit.

The jurors looked as if they would like to escape 10 hours of legal eloquence, but settled themselves in their seats for the unavoidable deluge as comfortably as possible.

W. T. Williams began the argument for Mrs. Banta and her daughter, the contestants, and talked all the morning and part of the afternoon. His argument was somewhat freer from brutality than usual, but he managed to get in several remarks tending in that direction. He argued from the standpoint that William Pierce, the son-in-law of Isaac Banta, deceased, and his wife, Mrs. Lucy Ann Pierce, had entered into a conspiracy to separate the old gentleman and his wife, and obtain possession of the entire estate, excluding Mrs. Banta and the other children. He characterized it as a deliberate and malicious conspiracy, and one in which Pierce showed up as an entirely unenviable light. Portions of the testimony which has become so familiar were rehearsed and the case was reviewed at length.

Ex-Judge Green followed in the opening argument for the defense. He occupied the remainder of the afternoon in discussing the important features of his side of the case, putting aside much of the testimony having been introduced, not for the purpose of showing the truth of what Isaac Banta said, but to show the condition of his mind.

He did not consider that Pierce had entered into a conspiracy, but was working for the best interests of the estate in all that he had done. He analyzed the testimony with a view of convincing the jury that Isaac Banta was of sound disposing mind when he made the deed of trust appointing William Pierce trustee, and when he made his will.

Today, either in the morning or afternoon, S. M. White, Esq., will make an argument on behalf of the defense. Mr. Metcalf and Judge Anderson will also speak. The arguments will be finished this afternoon.

## "THE LEGLESS LOTHARIO."

Alfred Norman Explains and Clears Up His Record.

Alfred Norman, the legless man who figured in a rather sensational shooting affair at the Home Mansion, on Fifth street, some weeks ago, over a woman named May West, with whom he had been living, has written a long letter to THE TIMES explaining his relations with the woman, and his position in the case. Norman states that he purposes settling down in Los Angeles and opening a small wood and coal yard here, and for this reason he would like to correct certain statements made concerning him by the woman at the time of the shooting. At that time the woman stated that Norman was a brute and had seduced her under the promise of marriage, after which he forced her to go into a house of ill-fame and lived off the earnings of her shame.

Norman says that this is false; that the woman knew fully the status of affairs when she went with him, and that he intended to marry her. He also denies that he ever mistreated her in any way, but that he always furnished her with money for her support and took good care of her. Norman further denies that he is a professional beggar, but says that he was a street musician, and gave value received for all he got. He furnished a number of references.

From an investigation of the case it appears that Norman was more sinned

against than sinning, and that the woman May West did not tell the truth about him; that while he was perhaps to blame, to a certain extent, he was by no means the brute that she painted him, and that he fully intended to marry the woman.

## THREE ALARMS.

A Big Haystack Burned—Narrow Escapes.

There were three fire alarms yesterday. The first was at 8 o'clock yesterday morning, and came very near resulting disastrously. A carload of gasoline, standing on a sidetrack in the Southern Pacific yards on San Fernando street, got on fire by some means, and one of the cars was burning fiercely when the boys from the East Los Angeles engine-house arrived. They got the cans out of the car, when it was easily extinguished. It was a very narrow call, as the wooden cases about the oil cans were badly scorched, and had it not been for the quick work of the boys there might have been a disastrous conflagration. The car was consigned to the Standard Oil Company.

At 1:35 o'clock yesterday afternoon, about 200 tons of hay in a big corral near Tenth and Hope street, was burned. The hay was in two large piles, and the fire started by a little 4-year-old child who set fire to the grass, from which it communicated to the hay. The engines turned out promptly, but could do but little, owing to the rapidly with which it burned. The hay was the property of Dolores Vejai, who was absent at his ranch in Ventura county at the time, and was partially insured. The total loss is estimated at \$1400.

At 6:30 p.m., the engines again turned out in answer to an alarm from the southern part of the city, caused by the explosion of a gasoline stove in a dwelling on Main street, between Pico and Carr streets. The stove was thrown out of the house and extinguished before the arrival of the engines. No damage was done.

## IN DEEP WATER.

Cornell Thinks There's a Prejudice Against Him.

Sackett Cornell, the editor of the Santa Ana Chronicle, did not return to that place yesterday, and during the afternoon he received a telegram from his mother, who is running his paper in his absence, that he had been surrendered by his bondsmen in the criminal libel case, and to procure new sureties here. Mr. Cornell said that he would have no difficulty in making a bond for any amount, which would be filed at once. He said that just as soon as he received the telegram he surrendered himself to Sheriff Aguirre, who allowed him to go out on his own recognizance to look up bondsmen.

Mr. Cornell is very bitter against the people of Santa Ana, and says the whole thing is a personal matter. He says that the idea was to get him back to Santa Ana too late to get bondsmen, and then put him in jail over night, after which he would be sent up to Los Angeles as a prisoner. He claims that he is being persecuted because he made a fight in his paper for a Republican in place of a non-partisan ticket. He says that he will not return to Santa Ana.

## WELL REPRESENTED.

The Exhibits of Los Angeles County Commended.

The San Francisco Bulletin of the 5th inst. pays a high tribute to Los Angeles regarding the exhibit at the State Board of Trade rooms in San Francisco. It says: That Los Angeles county takes especial pride in its exhibit at the State Board of Trade rooms in this city is evident from the manner in which articles are constantly added thereto. The latest addition to this already splendid exhibit is a fine case of different varieties of oil made from crude petroleum, and also a sample of what the oil is made from. The exhibit of Los Angeles county leads all of the others in variety of articles exhibited, and some of the other counties could probably make equally as good a showing as their rival if the same interest were taken in the county's exhibit. While Los Angeles pays strict attention to its display in the rooms of the board, in the same may be said of it in connection with the attractive display that county has in "California on Wheels." Every week the opportunity is taken to send fresh products to the traveling exhibit, and tomorrow the usual supply will be sent out.

## WOULDN'T LOWER THE KEY.

Street Fight Between a Couple of Toughs.

W. King, a crop-eared jail-bird who was released from the City Prison yesterday morning, and Bill McGinnis, another tough, got into a fight on Main street last evening about 6 o'clock, which was cut short by the arrest of both men by Sgt. Fletcher and Officer Collins. King is a very tough citizen, and in one of his numerous fights, had one of his ears chewed off. According to his usual custom, as soon as he was released from prison, he proceeded to celebrate the event by getting full. Mr. McGinnis was also in a happy mood over the latest news from the Sullivan-Kilrain fight, and gave vent to his joy in song. Mr. King thought that he was singing too loud, and requested him to lower the key, when McGinnis resented the unfavorable criticism by pitching into the critic.

## BURNED BAKERSFIELD.

It Accepts Sympathy, but Declines Aid.

In answer to a telegram sent by Mayor Hazard to Bakersfield, tendering sympathy for the misfortune of that town in its late fire, and offering to send relief, the following dispatch was received yesterday:

BAKERSFIELD, July 8. Hon. Henry T. Hazard, Mayor of Los Angeles: We are deeply grateful to the people of Los Angeles for their sympathy and proffer of aid, but feel that no assistance from without will be necessary.

## RELIEF COMMITTEE.

By C. BROWER, Chairman.

In the United States Circuit Court yesterday, in the case of United States vs. G. W. Grayson, on motion of the United States Attorney the papers were withdrawn from the files.

Waterloo Manufacturing Company vs. John Doe et al. The order of July 24 was set aside and the case reinstated.

Farmers' Loan and Trust Company vs. the San Diego Street Car Company. Hearing on exception set for Friday at 11 a.m.

The court adjourned until Friday morning.

## SANTA CATALINA.

Arrival of the Aggie—White Wings, Etc.

AVAILON, July 7.—[Correspondence of THE TIMES.] Sunday was one of the most beautiful days of the season at Avalon, and a large crowd of people came over on the Hermosa to spend the day fishing, riding and boating. A delegation of the Ellis Club sang in the hotel for a while, and among them was Mr. W. B. Hopkins, who has one of the finest voices on the coast.

District Attorney Polley of Pasadena is here for several weeks. Mrs. Bartlett and Mrs. Jewett of Pasadena came over today. At noon the White Wings came in and soon after the jaunty figure of the famous Aggie came around the point, and a few moments later Dan McKee and a few others came on the Aggie. Farland was on the dock. The Aggie is just over from the San Diego race, and from all that could be learned the race was a fraud. Hancock Banning will probably tell who got the prize. La Paloma should have had, and the San Diego papers will probably tell us what is to be done with the "reserved prizes." In all probability they do not know much about yachting at San Diego; at least, they have something to learn. The Aggie was confined to her working sails.

Before sailing, a jolly party assembled in the cabin of the Aggie, composed of Mr. and Mrs. Frank King, Mr. and Mrs. C. F. Holder, Charley Ball, Mr. Watson, Mr. and Mrs. Louis Blankenhorn, Mr. Ellis and W. B. Hopkins. The Aggie sailed for the upper end of the island before night and then goes to San Pedro. La Paloma is expected today.

A change was made today in the Hotel Metropole. Messrs. Ford and Mayer retiring and Mr. Sumner taking charge of the hotel for the English company. Reports of hot weather reach the island, but here everything is delightful, cool and pleasant, bathing and fishing good.

## His Tongue Torn Out.

A frightful accident occurred to General Sackett Cornell, the editor of the Santa Ana Chronicle, late last night. One of the most noted chiefs of the late war. While looking at the men employed in erecting the building corner of Spring and Fort streets raising a heavy girder, the chain slipped, whirling round and the hook caught the General's tongue, tearing it from the roots. The spectators were paralyzed. Not so the General. He ran, grabbed the chain, snatched his tongue from the hook, stuck it back in place, and then the gaping crowd to go with him to Colton's Furniture Exchange, as he would rather lose his tongue than the bargain offered there.

## Trouble About the Grand Army Encampment.

White Ghost Proves a Staggerer to the Sioux Commission.

The Authorship of the Noted "Richmond Letters" Revealed.

The Several Territorial Conventions Getting Down to Work-The Great Railway Combine About Disrupted.

By Telegraph to The Times.

MILWAUKEE (Wis.), July 8.—[By the Associated Press.] At a stormy session of the Executive Grand Army Council tonight, long set of resolutions was adopted practically stopping all further preparations for the National Encampment in August, until assurances are given that it will be held in this city. This action was due to the refusal of the Mayor and Common Council to appropriate \$50,000 for tents and barracks, unless it was certain that the Grand Army men were coming.

Eight State Department Commanders in Chicago and decided to issue circulars advising their posts not to come unless a 1 cent rate was granted by railroads. This action upset all local plans and led to the above result. If the State Department commanders carry their threats into execution it is probable that the invitation of the city will be rescinded.

A Madman's Horrible Deed.

PALOUSE (Wash.), July 8.—On Saturday night R. D. Johnson, a well-to-do citizen, about 50 years old, living near here, killed his wife, and son, about 14 years old, and fatally shot his 7-year-old daughter. He left a note stating that he did not want to live in this sinful world, and could not leave without his family, so he thought he would kill them. He said he first gave them strychnine, but could not bear the sight of their agonies, so he killed them with a revolver. The bodies were all in the house, upstairs, and were not discovered until this morning. Johnson is supposed to have been temporarily insane.

New Trick in Stage-robbing.

LAKEVIEW (Or.), July 8.—The Linkville stage was robbed near Keno Springs, 12 miles from Bonanza, yesterday, by two masked men. They took the mail bags and express box. The robbers then blindfolded the driver and detached the four horses from the wagon, and cut the harness to pieces to delay the pursuers as long as possible. The loss is not known.

Mrs. Terry Coming.

FRESNO, July 8.—Manager Kings of this city assumes McGee's contracts, and Mrs. Sarah Althea Hill Sharon Terry will go on her lecture tour as advertised. Manager Kings will leave tomorrow morning for Los Angeles, where that Mrs. Terry's dates are properly billed.

WHITE GHOST'S PROTEST.

The Sioux Commission Encounter More Opposition.

CROW CHIEF'S AGONY (S. Dak.), July 8.—[By the Associated Press.] The council this afternoon was largely attended. White Ghost, the hereditary head chief, was the only speaker, and made by odds the most argumentative speech thus far heard by the commission. He alluded with some bitterness to the presence of white men on their reservation, referring to that portion opened by President Arthur, and suggested that they be removed from their land before they were allowed to sell it. He complained that the Bastes were equal beneficiaries with other Indians, while they were entitled to nothing, being the Indians responsible for the massacre in 1862 in Minnesota. He said he had followed the advice given him by the Great Father, and had young men in his tribe who could read and understand English, and desired more time for them to fully explain the bill's provisions, and until they understood it the Indians could not decide on what action to take.

The objection urged by the Indians that they were no gron to spare, and that their new reservation is too small to give them all suitable allotments of farm land, is reasonable, and the commission is reasonably well disposed to convince them that their interest demands the acceptance of the bill.

WOULD-BE STATES.

The Territorial Conventions Getting Down to Business.

HELENA (Mont.), July 8.—[By the Associated Press.] The convention met at 2 o'clock. The president announced that he was not ready to name the committees. The convention then adjourned till 8 o'clock evening. Committees will then be named and adjournment taken until tomorrow.

Bismarck (Dak.), July 8.—The convention met today, but did nothing except adopt resolutions and elect a speaker and a woman.

ST. LOUIS (Mo.), July 8.—[By the Associated Press.] The convention met at 2 o'clock. The president announced that he was not ready to name the committees. The convention then adjourned till 8 o'clock evening. Committees will then be named and adjournment taken until tomorrow.

THE RICHMOND LETTERS.

Julian Hawthorne and Gail Hamilton Their Authors.

NEW YORK, July 8.—[By the Associated Press.] The Commercial Advertiser says: "Within the past decade there has been no event in the American world of letters which provoked such wide comment, and excited so large a measure of curiosity, as the publication in the North American Review of a series of letters to prominent persons under the non de plume of 'Arthur Richmond.' The two distinctive characteristics of the letters were the extreme bitterness of personal and partisan feeling which they betrayed, and the marked excellence and vigor of their literary form. Shortly after the death of Allen Thorndike Rice, an attempt was made to establish the fact that he was not responsible for their publication, but had written the 'Arthur Richmond' letters. After this Rice's friends sought the real authors, and this series of letters was written by Julian Hawthorne and Gail Hamilton."

ON ITS LAST LEGS.

The Interstate Commerce Railway Pool Going to Pieces.

CHICAGO, July 8.—[By the Associated Press.] Chairman Abbott of the Western States Passenger Association has fined the Chicago and Alton \$3000 for violation of its agreement in reducing the rate to \$30 from Chicago to Denver. Alton officials say they will refuse to pay it. It is freely predicted that the result of tomorrow's meeting of the presidents of the western roads will be the practical dissolution of the Interstate Commerce Railway Association. Several roads, including the Wisconsin Central and Chicago, St. Paul and Kansas City, are said to be ready to withdraw.

A Wrecked Whaling Crew.

BOSTON, July 8.—The bark Sarah from Fayal reports that Capt. Lapham and part of the crew of the whaling bark Mary Fraser, recently reported lost, are on the island of Fayal. They were wrecked, and in reaching Flores five of the crew were drowned. A whole boat's crew of residents of Fayal were drowned at the same time.

Chicago Fruit Sales.

CHICAGO, July 8.—Porter Bros. &amp; Co. sold today two carloads of California fruit, as follows: Bartlett pears, \$2.50 to \$2.90; prunes, \$1.85 to \$2.05; plums, \$1.60 to \$2.20; apricots, \$1.10 to \$1.65; peaches (in bad order), \$1.05 to \$2.10; nectarines, \$1.50.

The Glass-workers' Convention.

PITTSBURGH (Pa.), July 8.—The national convention of the American Flint Glass workers' Association met at Bellaire, O., today and will remain in session all the week. Nearly two hundred delegates were present from all parts of the country.

Trouble in the Irish Camp.

PHILADELPHIA, July 8.—At the regular meeting of the Parnell branch of the Irish National League last night, P. M. McFadden, the branch's representative to the Municipal Council, tendered his resignation as a delegate. McFadden said he would no longer serve as a member of the central body, as he did not consider those in con-

trol fit representatives of the Irish race. The resignation was accepted, and immediately Owen Kelley arose and moved that until a radical change was made in the Central Municipal Council, the Parnell branch refuse to be represented therein. The motion was adopted.

Schooner Wrecked.

EUREKA, July 8.—The schooner Ella Roy, from Sidney for Eureka, loaded with coal, went ashore yesterday morning near Humboldt.

It was very foggy and the captain finding himself near the breakers, dropped his anchor, which failed to hold her, and she gradually drifted until she was hard and fast on the sandy bottom within about fifty yards of the beach. The tug Roberts this morning picked up the crew, who had taken to the ship's boats, and all are saved. The tug will make an effort to pull her off at high tide tonight, but a successful effort is doubtful, and it is thought both ship and cargo will be a total loss.

## WASHINGTON NOTES.

Capt. Mullan's Case—Appointments by the President.

WASHINGTON, Monday, July 8.—The Navy Department has not yet received official news of the trouble between Admiral Kimberly and Capt. Mullan, growing out of the failure of the latter to take the Nipale to Auckland. The opinion is expressed, based on a San Francisco dispatch, that a court of inquiry will follow the Captain's return to the United States. The exhaustion of the Nipale's coal means a month's detention of the ship at Fanning Island and postponement of her return to this country until September.

QUARANTINE STATIONS CLOSED.

Letters mailed by the Surgeon-General of the Marine Hospital Service to the officers in charge of the chief quarantine stations have notified them of a reduction in appropriations for quarantine service for the current fiscal year. By reason of this reduction, three quarantine stations on the Atlantic Coast, one on the Gulf and two on the Pacific Coast will be closed the first of August. The stations to be kept open, namely, one at San Francisco and one on the Gulf Coast.

SOME APPOINTMENTS.

The President has made the following appointments today to be probate judges in Utah Territory: Daniel Page, Iron county; James McGarry, Beaver county; Isaac Burton, Uintah county; George C. Vele, Moll county.

The President also made the following appointments: Thomas H. Cavanaugh, of Olympia, Wash., to be Surveyor General of Washington Territory; Thomas N. Paul, of Sheridan, Or., to be agent of the Indians of Grand Ronde agency in Oregon, vice John B. McCallie resigned.

Fire at Fresno.

FRESNO, July 8.—Fire broke out in a frame building in Chinatown occupied as a laundry, at 11 o'clock last night, and before the flames could be checked eight frame buildings, the Joeshouse and a two-story brick block, the latter belonging to J. K. Rollins, were destroyed. There is no insurance except on the brick block which was worth \$15,000; insured for \$3000.

The stock of Wong (Ing, in the same building, was insured for \$2000. The fire originated from explosion of a coil-oil lamp.

YESTERDAY'S BATTLE.

Local Comments on Sullivan's Victory.

Early yesterday morning the streets were thronged with crowds of people anxious to get the earliest news from the battlefield, and excitement was kept at fever heat by rumors and contradictions thereof until at 10 p.m. the news was officially posted at the Turf Exchange, on Spring street, that Sullivan had knocked his man out in the 75th round.

As early as 9 a.m. a well-known cigar vendor posted a bulletin outside his store announcing that Sullivan had won in the eighth round, and to give it an appearance of authenticity added to it the name of "Muldoon."

Whether it was Muldoon, Sullivan's second, or whether it was merely Muldoon known to fame as "the solid man" he did not explain, but as Muldoon was at that time attending his principal in the ring, it is difficult to see how he could have found time to write dispatches to obscure sports in Southern California. At any rate the joke was an expensive joke, as the cigar merchant backed the authenticity of the dispatch by betting a local contractor \$200 to \$400 that it was correct.

When it was officially posted that the fight had lasted 75 rounds, the local sports expressed themselves in no measured terms as to their opinion of Sullivan's manner of fighting, and the verdict seemed to be unanimous that he must have resorted to dropping tactics to stay so long before the invincible John. The disgust expressed for Sullivan was equalled only by the gross ignorance displayed of the rules of the London prize ring.

**ANNUAL TRADE NUMBER.**

— CONTAINING —

**A COMPLETE REVIEW OF THE YEAR.**

**Fifty-six Large Pages. Equivalent to a Two Hundred Page Book.**

The Annual Trade Number of THE TIMES, now ready, is the most complete and interesting publication of that character ever published in Los Angeles.

**NOTABLE FEATURES.**—It contains a business review of the year, embracing a great mass of valuable facts bearing on the city and country; a thorough exposition of our natural resources—mineral, vegetable, commercial and climatic; a review of the rise and progress of the boom, with solid proofs that the country is now in better condition than it was during the height of the real-estate excitement; a carefully compiled exposition of the needed industries which Southern California offers to the health-seeker, the home-

seller and the tourist, besides a number of interesting and valuable special articles on pertinent subjects. It contains more solid information about the country than could be crowded into the compass of a hundred long letters, and you can send a friend more *La Jolla* than you could write in a month, even if you had all the facts at hand. For a dollar you can supply ten families in the frozen East with information that may lead them to join the army of pilgrims to the warm, white sands of the South. It is a book that can be sent from the standpoint of friendship or self-interest. It will be seen that no better use can be made of a dollar than by purchasing the *twentieth* issue of the great Annual Trade Number of THE TIMES. Not one-centa of the reward is

## BUSINESS.

## Money, Stocks and Bonds.

By Telegraph to the Times.

New York, July 8.—Money on call easy at 95 1/2.

Prime mercantile paper, 4 1/2—6 1/2.

Sterling exchange, dull and steady at 4.86 for 60-day bills, 4.87 1/2 for demand.

American cotton oil, 55 1/2.

Government bonds, dull but steady.

New York, July 8.—The stock market is again under the influence of the western railroad situation today, and declines extending to 3 1/2 per cent. were brought about, though there was afterward recovery from lowest prices. The news of the day was not of special value, but there were more of a disquieting nature persistently circulated, and especially during the forenoon, and almost every member of the Interstate Association was reported as ready to withdraw. The pressure was especially severe against the Union Pacific, St. Paul, Atchafalaya and other granaries, but the rest of the list was not forgotten, and everything traded in felt the pressure more or less. Toward 2 o'clock prices rallied quite sharply, and in the last hour there was a most decided upward movement in sugar.

The general market closed dull, being at the time steady to firm at something better than lowest figures.

## THE CITY IN BRIEF.

The Cyclones yesterday defeated the Young Los Angeles nine by a score of 18 to 10.

There are undelivered telegrams at the Western Union Telegraph office for Oscar Lewis and R. M. Wood.

A marriage license was issued yesterday to G. L. Bayless, aged 22, and Mary S. Rowe, aged 18, of Saticoy.

The case of Rio Pico vs. Cohn, which was originally assigned to Department No. 2 of the Superior Court, was transferred yesterday to Department No. 5.

Lee Quong, a crazy Chinaman, was examined finally before Judge Shaw yesterday and turned over to his countrymen, who will ship him to China.

Before Judge Shaw yesterday, in the insolvency case of C. P. Duggan, the creditors elected Simon Maier assignee. A large number of the creditors were present.

There was but one arrival at the County Jail yesterday, a hotel "beat" named William Swales, who was sent up from Anaheim to do 20 days in the County Jail for swindling a hotel man at that place.

The officers of the W. R. C. Encampment met each Monday in G. A. R. Hall, No. 25 North Main street, to arrange for its part of the work at the G. A. R. Encampment at San Pedro, August 8th to the 15th, inclusive.

Last night Mrs. Meyer got on a big drunk at her home on Mateo street, and proceeded to make things very interesting for her neighbors. Officer Farmer was sent for, and brought her to the station, where she was locked up on a charge of drunk and disorderly.

J. M. Garrison and Ed Wolff were caught by Officer Jackson yesterday afternoon pasting bills on the electric poles on Temple street, when they were taken in for violating the ordinance on that subject. They deposited \$5 each for their appearance, and were released.

The following people left for the north by the Southern Pacific train yesterday: O. Brown, W. W. Murphy, W. O. Marble, Miss Tait, W. E. Heigh, Miss H. S. Shearer, L. Adams, J. Dalbur, Judge Dibble, Miss Herrick, L. J. Rose, J. M. Damron, H. S. Wood, J. H. Ricketts, M. Harrison.

Last night Joe Lindheimer, formerly a special officer in Chicago, but who has recently been locked up several times as insane, fell down, rupturing himself badly. He was brought to the police station, where an operation was performed by Drs. Morrison, Wing and McCarty.

The "mace" case against Frank Powlson came up for trial before Justice Lockwood yesterday. It had been set for trial by the Court some time ago, and it was expected that the trial would come on today. We were sent to Justice Lockwood that Hon. J. M. Damron, who is counsel for Powlson, is in San Francisco. The case therefore was again postponed, pending the return of Mr. Damron.

The case against Crawford and three other hoodlums charged with a crime against nature, was called in Justice Lockwood's court yesterday morning. It transpired that the complaint was wrong, having been drawn under the wrong section of the statutes, and upon motion of the District Attorney the defendants were discharged. They were remanded to the custody of the Sheriff until a new complaint is drawn up.

The Varian brothers were arrested yesterday on a warrant sworn out by Hugh McGuire, the street-car driver whom they had arrested Saturday for assault with a deadly weapon, on a charge of battery. The case came up before Judge Owens yesterday afternoon, who discharged the younger Varian and took the case of the elder brother under advisement, pending the determination of McGuire's case, which comes up before Judge Stanton this afternoon.

## PERSONAL NEWS

C. J. Hilton of San Francisco is in the city.

M. Katzenstein and H. Rosenthal of San Francisco are guests of the Hollenbeck.

George M. Reynolds and wife of Riverside are in town, stopping at the Hollenbeck.

Mrs. Col. E. B. Treat left for San Francisco yesterday, to be gone two or three months.

W. M. Short, the artist, will leave today for the San Gabriel Canon for a week's vacation.

Congressman Vandever came down from Ventura yesterday afternoon, and took rooms at the Westminster.

Henry Edelman, clerk of Department No. 1 of the Superior Court, was out yesterday, after a ten days' illness.

Rev. Dr. Chichester, pastor of the Immanuel Presbyterian Church, leaves today for a rest of a few weeks in the mountains.

Mrs. Mary Richards and daughter, Miss Alice, have returned from Santa Monica, where they have been stopping at the Hotel Arcadia for the past month.

Ex-Gov. Alva Adams of Colorado is registered at the Nadeau, having come up from the Coronado yesterday. Gov. Adams is accompanied by his family, and will spend some days in Los Angeles. He is highly pleased with the city, so far as he has seen it.

Frank M. Kelsey, of the firm of Bryan & Kelsey, notary public and conveyancer, 17 North Spring street.

Decorative Art Rooms, 124 and 126 West Second Street.

Miss Irene Lamb is closing out her large stock of summer millinery at cost to make room for new importations. Flurred silks and stamped goods also at greatly reduced prices.

Hotel del Coronado. On next Saturday the public will have another opportunity of visiting this magnificent resort. No sweltering heat, no weak, depressing languor at Coronado, but ever-glorious sunshine, the air tempered by the never-absent sea breezes which come dancing over the sparkling waters of the old Pacific bringing comfort and vigor to the weary invalid, and happiness to all. See excursion advertisement.

## PEOPLE'S STORE.

YESTERDAY'S 10c SALE A LARGE-SIZED SUCCESS.

Food for Thought for Slow Merchants—The Secret of Our Success—Patrons Get Prime Values.

PEOPLE'S STORE, LOS ANGELES, July 9, 1889.

Yesterday's 10c sale was another success, and it is food for thought for such merchants that make no effort to gain trade. We hear tradesmen say: "What luck the People's Store has. All they have to do is to advertise a sale, and the crowds rush in."

Yet few understand and know that the matter of a good trade is entirely a question of ability to make it so. It is only to the merchant who is ever alert to the necessities of the times, who when he has a sale to offer, does so with the same grace when money is lost thereon as when a profit is made. Patrons get prime value, and many times far under first cost.

It may seem like poor business policy to let fly a carload of goods under cost, yet we do it very often, and with good results.

It is a well-known principle that the larger the buyer the closer the price. In many instances we buy twice as much as we need, and get 10 per cent. less in price.

Our principle is and has been to sell the surplus at cost, or under, and the remainder, which we can use and need, we sell 10 per cent. under the price of any dealer in town. The above we quote to illustrate the reason of our great sales, and the "knock 'em silly" prices we place them at.

DOMESTIC DEPARTMENT. Dress Gingham, latest patterns, 6 1/2c a yard; worth 12 1/2c.

All linen Towels, 5c each.

Dress Prints, pretty patterns, 10c a yard or 20 yards for \$1.

Unbleached Muslin, 6 1/2c a yard; soft finished without dressing.

Sateen-style Foulard, 6 1/2c a yard; worth 12 1/2c.

In this department we have many choice novelties, scores of them seen for the first time. We are offering you today some very pretty designs in dress Gingham, at the extremely low price of 6 1/2c a yard, not one of them worth less than 12 1/2c. DR. M. HILTON WILLIAMS, M.D., M.C.P.A.

Specialist in all the various diseases of the Head, Throat and Chest.

Including the Eye, Ear and Heart, together with Diseases of Females.

OFFICE: In the Hollenbeck Block, Cor. Spring and Second Sts., Los Angeles, Cal.

Oxygen, Compound Oxygen, Nitrous Oxide, and other inhalations, used in all DISEASES OF THE LUNGS.

We have introduced the compound oxygen treatment with our systems of practice in the cure of Asthma, Bronchitis, Consumption, Dyspepsia, Insomnia, Sore Throat, Catarrh, Pleurisy and Nervous Prostration, while only the most improved methods are employed in all female complaints.

As is well known, oxygen is the life-giving principle in the air we breathe, and ozone in the air imparts that happy and buoyant feeling after thunder storms. Persons often require more oxygen than is in the air around them, and cause disease by not using it.

Opened, tear off collars, loosen the waist, and call for a fan to displace the stifling and bring fresher air or more oxygen. Traveling is done mainly to resorts where the air contains more oxygen, and mountains are ascended to breathe the ozone, which is light and ascends from the earth.

Oxygen and ozone are gases, and must be stored up and used by inhaling them. Our apparatus for storing and having these gases compounded with other suitable agents is perfect, and though they are not cure-alls, yet they are undoubtedly the greatest invention made in the last twenty years in any department of medicine, and the results are truly wonderful.

Oxygen acts by purifying the blood, thereby increasing the circulation, promoting absorption, improving digestion and assimilation, increasing the elasticity of the lungs and acts as a gentle stimulant to the nervous system.

The London, Eng. Lancet, very truthfully says: "The compound oxygen treatment is the greatest discovery of the nineteenth century." (Georgians, Statesmen, Lawyers, Doctors and all classes indiscriminately, wherever it is introduced, both use and recommend it.)

The testimonials given below are very fair samples as to the time required for effecting cures in these troublesome cases:

W. W. O'DONNELL—DRAIN SIR: I am happy to say that the cure you effected in me for a severe case of throat disease has proved to be permanent. For over a year I was troubled with post-nasal catarrh and granulated throat disease, and had done so much for it that I had but little hopes of ever being cured, when I first went to you, but you gave me such positive assurance that you could cure me that I began your treatment, and in four months from that time you discharged me as cured, and I am happy to say the cure was a permanent thing in every particular up to the present time, which is now over a year. Yours very truly, MRS. LUCY H. TRASK.

330 South Olive Street, Los Angeles, Cal.

Dr. M. H. Williams—DRAIN SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city, to whom I could have referred, when I came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Hotel de Ville, and employed the best medical skill I could find, all without any permanent benefit, and as a last resort our family physician recommended Los Angeles. For a time I improved, and then I began to go back and forth, and all my former symptoms returned.

Troubled and distressed as I was, I was induced to try your treatment. I became very much discouraged at times, but persevered, as I felt that my throat trouble being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with your remedies, I consider I am permanently cured. If it will be of any value to you you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, MRS. J. D. WILEY.
